

Title

Registration is open for the 2022 NCC Seminars – Volumes One and Two

Description

Please join the ABCB in your capital city as they present the key changes for NCC 2022 Volumes One and Two.

Content

This is an important event for you to learn about what has changed, and what it means to you and your industry, before the 2022 edition of the National Construction Code (NCC) is adopted on 1 September 2022.

This is your opportunity to hear from experts about key changes to Volume One and Volume Two, including:

- New volume structure and clause referencing system
- Fire safety for external walls
- Egress provisions for early childhood centres and primary schools
- Bushfire protection for Class 9 buildings
- Waterproofing
- Masonry
- And much more...

You will have the opportunity to ask questions, and hear from Standards Australia, detailing changes to Australian Standards referenced in the NCC, as well as a short presentation from a representative from your local jurisdiction.

Please note, amendments related to new energy efficiency and condensation mitigation will not be presented at this seminar. More information about these changes will be available later in the year.

Session details:

The half day sessions will run for four hours from 9.00am to 1.00pm in all locations and include tea/coffee on arrival, and a tea break.

The webinar session will commence at 12.30pm – 4.30pm (AEST) to allow all states and territories to participate.
